Hi Dominic and Ann

As discussed with Janie, I wanted to again record our thanks for your excellent assistance in looking after our home, pets, garden and lawns while we were on our recent holiday. As usual, the house was left in perfect condition and the garden looking great and green ! We are very appreciative of your lawn mowing – above and beyond expectation – and it was so nice to arrive home and not be met by a jungle of grass.

In addition, the “boys” (Remi and Lucca, poodles) and “Baby” cat were all well and fit after your constant care and no doubt they miss you being around with your involvement with them.

Thank you again for being so diligent and careful with our home and pets.
