HOUSE SITTING REFERENCE

To Whom it may concern

Dominic and Ann house sat for us for 2 weeks while we holidayed overseas... They were an absolute dream!

We were happy to know that our cat Catniss was in excellent care and wouldn't be lonely while we were away. It was great to receive the photo updates of what she was getting up to.

It was such a pleasant surprise to come home to a sparkling clean home and garden with some fruit, veg and milk in the fridge.

We can't thank them both enough for everything they have done, it made it even nicer to come home.

We look forward to using there services again and have already been recommending them to family and friends.

Kind regards
